Product Features

Wirelessly stream movies, TV shows, sports, news and more
While streaming, you can still text or call without interrupting what's playing or draining your battery.

4K Ultra HD and HDR* enables crisp pictures and deeper colors
Even without a 4K TV, Chromecast Ultra delivers better picture quality for your TV.

Use your mobile device as a remote
Stream your favorite TV shows, movies and more to the TV using your mobile phone.

Enjoy unlimited content
Watch 4K-enabled content from YouTube and Netflix and discover more at www.chromecast.com/apps.

High-speed wireless connectivity
Built-in 802.11ac Wi-Fi connects to the Internet through your wireless home network (wireless router required and sold separately).

Faster streaming speeds and more reliable connectivity
Get faster load times and smoother streaming. Comes with a built in optional Ethernet adapter for slow Wi-Fi connections.

Compatible with most TVs
Easily connects to HDTVs.

Web-based services and content require high-speed Internet service. Some services may require subscription.

*To view content in 4K or HDR, a 4K- or HDR-capable TV and reliable broadband internet connection are also required. Minimum OS and broadband requirements are at [g.co/cast/req](#).

*Some providers do not make 4K available. Certain applications require subscriptions.
